

Liquid-tight Connector Angle Type

Zinc Die Cast

ELECMAN® Zinc liquid-tight connector 90 degree type is a right-angle, water-resistant connector for securely joining liquid-tight flexible conduit to electrical enclosures, especially where a directional change is required and moisture protection is important.

Type:

Angle type - 90 degree

Material:

Zinc die cast

Surface Finish:

Polishing

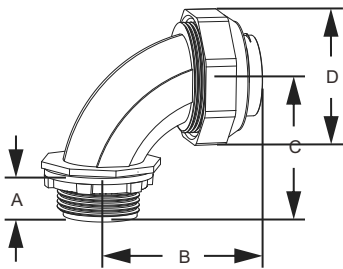

Certification & Standard

Manufactured to Underwriters Laboratory
Safety Standards UL 514B
UL File No.: E503810

Dimensions:

The dimensions of zinc liquid-tight connectors 90 degree are as indicated in Table 1.

Tabel 1 - Dimensions of zinc liquid-tight connectors 90 degree type
